

Installing AnyDesk:

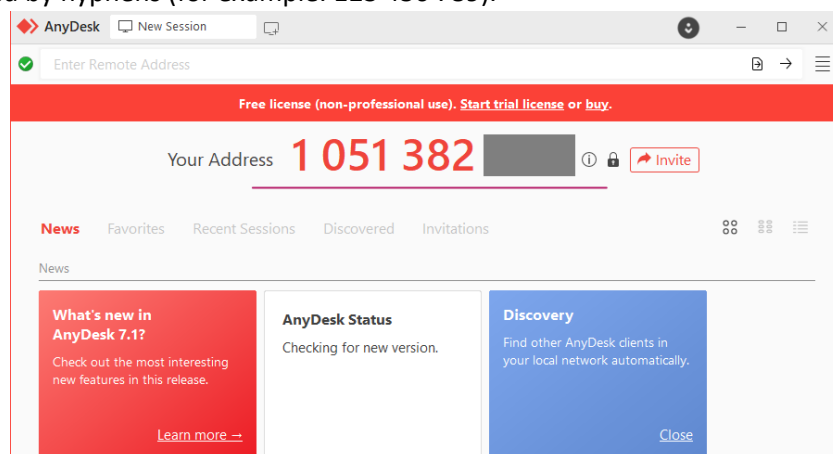

1. **Download AnyDesk:**Go to the official AnyDesk website at <https://anydesk.com/download> and choose the appropriate version of AnyDesk for your operating system (Windows, macOS, Linux, etc.).

2. **Install AnyDesk:**After downloading the installer, run it and follow the on-screen instructions to install AnyDesk on your computer. During the installation process, you may be prompted to choose installation options. Feel free to adjust these based on your preferences.
3. **Launch AnyDesk:**Once the installation is complete, launch AnyDesk from your desktop or applications folder.

Sharing Your AnyDesk ID with IT Support:

4. **Open AnyDesk:**Double-click on the AnyDesk icon to open the application.
5. **Locate Your AnyDesk ID:**After opening AnyDesk, you'll see two main sections: "This Desk" and "Remote Desk". Your AnyDesk ID is displayed in the "This Desk" section. It's a series of numbers separated by hyphens (for example: 123 456 789).

6. **Share the ID with the IT Team:**Provide your AnyDesk ID to connect to your computer for remote assistance.
